

Product Meta Data

In the food search engine, following data about products will be shown,

- An image of the product
- Product name
- Product description
- Price
- Discount
- Shop name
- Location

The following image will be sample of how it will look like in the search engine output.

The image shows a sample search engine output for a product. On the left is a 1-liter carton of 'ja! H-VOLLMILCH' (3.5% fat). The right side has a dark background with white and orange text. The product name 'H-VOLLMILCH' is at the top, followed by the description 'Low fat fresh milk.' in orange. Below this, the price is shown as '€ 4.00' with a strikethrough, and the discount is '€ 7.99'. A horizontal line separates this from the shop name 'Turkish supermarket' in orange. At the bottom, an orange location pin icon is followed by the address 'Obernstraße 55, 28195 Bremen'.
